

Draper Room-Darkening Window Shades

These DRAPER room-darkening window shade fabrics are constructed of tough woven fiberglass coated on both sides with durable, sun-resistant, flexible vinyl. They are flame, fade, and mildew resistant, washable and tearproof. Designed for the toughest service, without that "institutional look."

SunBloc Series SB9000 (Triopak II)

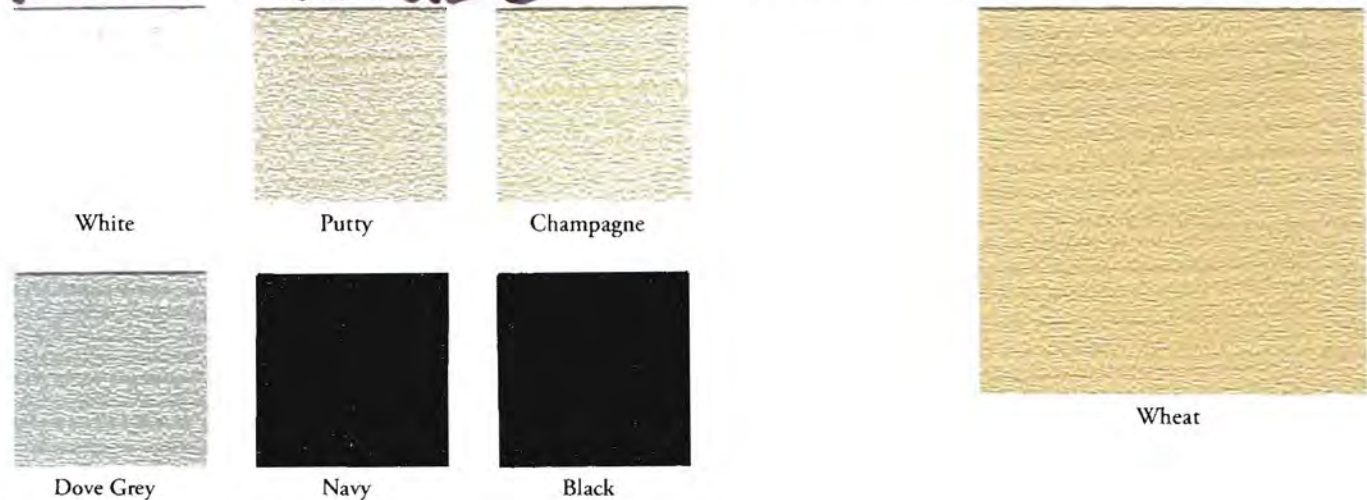

SunBloc Series SB9100 (Duopak)

CL8000 (Colony) **DISCONTINUED**

White on the outside. All CL8000 (Colony) fabrics are white on the outside.
