

RIVIERA® DUSTGUARD™ 2" BLIND

Top quality 2" horizontal aluminum window covering for commercial applications.

Key Features

- DustGuard™
- Lifetime warranty
- Headrail: 25/16" high x 21/4" wide
- Nominal .0113" slat thickness
- 6.9 slats per foot
- Optional 11/2" wide ladder tapes

Product Overview

The Riviera DustGuard 2" Blind represents Levolor's top quality traditional favorite, backed by the Forever Never Worry™ Warranty. Committed to both durability and aesthetics, the Riviera DustGuard 2" Blind combines a clean modern look of the nearly-invisible polyester braided ladders with the familiar lines of larger slats. This high quality blind is especially appropriate when designing to achieve a large, soft window treatment look.

The DustGuard feature is a permanent paint process that disrupts the natural static attraction of dust particles to the slat. By removing the primary reason blinds attract dust a 50-70 percent reduction in accumulation can be

achieved. Less dust means less maintenance and a cleaner, more professional appearance.

The durable and sturdy headrail is made of thick roll-formed corrosion-resistant Tomized, steel. The strength of the overall headrail profile provides smooth operation, even under heavy loads associated with large window applications. The Tomized steel hardware is machine-clinched, insuring accurate alignment of moving parts and long, maintenance-free operation.

The nominal .0113" thick slats are made of high grade magnesium aluminum alloy which provides superior strength and

resiliency, guaranteeing a quality look for the life of the blind. As the industry leader, the Riviera DustGuard 2" Blind's 6.9 slats per foot insure tight closure and superior light control.

This blind is offered in a large selection of popular colors with coordinated components. A variety of options are available, including plastic or fabric tapes to complete the traditional 2" horizontal blind look.

Product Specifications

For more detailed specifications, please reference Riviera DustGuard 2" Blind product Guide Specifications.

Part II — Products

- A. Riviera DustGuard 2" (50 mm) Blind manufactured by Levolor
 - B. Forever Never Worry™ Warranty
 - C. Materials:
 - ☐ **Headrail** shall be of .025" thick Tomized steel, "U" shaped, 25/16" high x 2 1/4" wide. All hardware shall be enclosed in the metal headrail.
 - ☐ **Tilt Wand** shall be transparent with a hexagonal cross section 5/16" across flats.
 - ☐ **Cord Lock** shall be of .042" thick Tomized steel and shall be crashproof.
 - ☐ **Drum and Cradle** shall be provided for each ladder.
 - a. Drums shall be of .031" thick Tomized steel.
 - b. Cradles shall be of .042" thick Tomized steel.
 - ☐ **Installation Brackets** shall be of .050" thick Tomized steel with a rivet-hinged safety locking front cover to permit removal of headrail without lateral movement.
 - ☐ **Ladders** (slat supports): Distance between ladders shall not exceed 44 mm (nominally 6.9 slats per vertical foot).
 - ☐ **Slats** shall be of 5000 series magnesium aluminum alloy only, not to include reprocessed metals. Slats shall be nominally 2" wide and .0100" ± .0005" thick (prior to coating); after coating, the thickness of the slats shall be nominally .0113".
- Coating includes **DustGuard**, a patent pending paint process which disrupts the natural static attraction of airborne dust particles, reducing dust build up on the slat from 50–70 percent. (NOTE: Certain Riviera finishes may not be available with the DustGuard feature. Please confirm selection with DustGuard color list.)
- Slats shall be (select one):
- a. Unperforated.
 - b. Pinlight Magic,—Slats shall be perforated with a pattern of randomly spaced .039" diameter holes, nominally 13 per inch of slat length. Slats shall have an openness factor of 1.5%.
- ☐ **Bottomrail** shall be of .025" thick Tomized steel.
 - ☐ **Options** shall include:
 - a. Plastic Tapes
 - b. Fabric Tapes: Woven Cotton Twill Tape
 - c. Cord Tilter
 - d. Hold Down Brackets
